What Everyone Needs To Know® Concise, straightforward introduction to the range of phenomena the media has dubbed "food politics" Will act as a counterpoint to the overwhelmingly alarmist literature on the food crisis Paarlberg is an expert on food policy, a viewpoint underrepresented in the current popular literature

Food Politics - Robert Paarlberg - Oxford University Press

The politics of food is changing fast. In rich countries, obesity is now a more serious problem than hunger. Consumers once satisfied with cheap and convenient food now want food that is also safe, nutritious, fresh, and grown by local farmers using fewer chemicals. Heavily subsidized and under-regulated commercial farmers are facing stronger push-back from environmentalists and consumer activists, and food companies are under the microscope.
