Japanese painter makes animal art of stone Born in Yamagata city, Yamagata Prefecture, Japan, stone artist Akie Nakata is a gifted artist with a very unique eye. Akie became a stone artist in 2010 after she worked as an art professor at a junior college. But she has been collecting since she was a little girl.

Japanese painter makes animal art of stone

The art of garden making was probably imported into Japan from China or Korea. Records show that the imperial palaces had gardens by the 5th century CE, their chief characteristic being a pond with an islet connected to the shore by bridges—as is shown by later references to these precedents in Emperor Shōmu's (724–756) three gardens in Nara. ...

Japanese garden | Elements, Types, Examples, & Pictures ...

The Japanese stone basin dates back to the earliest Shinto shrines where they held water used for ritual cleansing. The tea ceremony, infused with the spirit of Zen, required a purity of mind and body. To this end, stone basins were later included in tea gardens so that guests could symbolically dip their hands before entering the tea house.

Incredible Stone Sculptures. Jiyuseki is a Japanese artist and sculptor who carves incredible sculptures in stone to create a perfect illusion of a soft or elastic material. It's amazing how realistic the effect looks, even though he doesn't remove the rough texture of the stones. Stone Sculpture by Japanese Artist Jiyuseki

Stone Sculptures by Japanese Artist Jiyuseki

Nowhere is this more apparent than Japan, a nation with an architectural tradition like no other. Long before screws and metal fastenings became de rigueur, Japanese builders had mastered the art of wood joinery. Using techniques handed down in guilds and families for centuries, Japanese builders would fit wooden beams together without any external fasteners.
